

Dixon Park Surf Life Saving Club Inc.

Beverage Packages

There are 3 ways you can serve drinks at your function:

No.1 - from \$26 to \$30 per person.

includes 4 hours of unlimited tap beer (middies), bottled wine, sparkling wine and softdrinks.

A “Dry Till” OR “Guests purchase their own drinks” can then be in place for remaining times of function if required.

Please see attached list for types of available drinks.

Our bar staff will do their best to provide table service and bar service. This may be influenced by demands of bar service.

No.2 – Dry Till.

This consists of bar staff serving drinks totalling prices as they go. A substantial amount is expected to be paid in advance with balance paid in advance by CASH as the bar tab is extended..

OR

Hirer contributes certain amount to the bar and then once this runs out, the hirer may extend the amount or guests are asked to purchase their own drinks.

This certain amount is expected to be paid in advance with extra amount paid by CASH ONLY. If guests are asked to purchase their own drinks, Table Service will NOT continue.

(We can limit the types of drinks available to guests for this method)

Please see attached list for types of available drinks.

No.3 – Guests purchase their own drinks.

This service is not offered for Table Service.

Please see attached list for types and cost of ALL available drinks.

Dixon Park SLSC has a policy of Responsible Service of Alcohol
